

Power Outage

On Monday, 29 August, 2011 between 12:00 and 16:00, due to works being carried out by Enemalta, a power outage will be affecting MaltaPost's computer servers making it impossible to provide most services including those dependent on telephone and its website. This situation will also affect Post Offices. All services are expected to be back to normal after 16:00hrs.

The management of MaltaPost regrets any inconvenience caused by this situation and expresses its thanks to clients for their understanding.
